

JOB OPPORTUNITY

Job Opportunity Bulletin:

#08-013

Final Filing Date:

August 21,
or Until Filled

Position:	Salary:	Location:
District Structural Engineer or Senior Structural Engineer	\$8,097 - \$9,842 or \$7,720 - \$9,379	Office of Statewide Health Planning & Development Facilities Development Division 700 North Alameda Street, Suite 2-500 Los Angeles, CA. 90012

General Statement: The Senior Structural Engineer (Southern California Technical Lead) will assist in the development, implementation and oversight of a comprehensive technical quality assurance and training program for structural engineering staff in the Division's Southern California office. The incumbent serves as an expert technical advisor, responding to inquiries on code interpretation and application relating to structural matters and serves as the technical discipline lead; conducts technical oversight review of plans and construction observation work completed by Southern California office plan review and field compliance staff to ensure consistency, quality, and compliance with the California Building Standards Code and the Division's policies, procedures and good engineering practice.

***** Duties and salaries Will Be Commensurate With Level Hired *****

Duties:

- Provide technical structural engineering oversight review of previously reviewed plans and construction observation for projects to ensure a high level of consistency and quality of review for compliance with the California Building Standards Code.
- Resolve plan review and field construction issues arising from ambiguities or conflicts in codes and referenced standards.
- Monitor structural staff work for conformance with the Division's guidelines, policies, procedure manuals and as directed.
- Advise the Deputy Division Chief, Regional Supervisors and Regional Compliance Officers regarding policy, procedural and technical performance of structural plan review and field compliance staff.
- Serve as the Southern California Office's Structural Technical Leader
- Assist in the development and implementation of a training and development program for the structural discipline.
- Provide technical structural engineering oversight review of alternative construction methods and materials not covered by the prescriptive requirements of the California Building Code.

Desirable Qualifications:

- Familiarity with the California Building Standards Code as it relates to the construction of health facilities.
- Demonstrates a commitment to performing duties in a service-oriented manner.
- Communicates well with others and handles sensitive issues with tact and diplomacy.
- Excellent writing and oral communication skills.
- Maintains good work habits, follows established policies, procedures and interpretations.
- Demonstrates a commitment to the Office's and Division's mission, vision and goals.
- Maintains a current, comprehensive working knowledge of State business practices, codes, regulations, policies, interpretations, materials and methods of construction applicable to your specific areas of enforcement.
- Clean driving record. *Must submit an official driving history from the California Department of Motor Vehicles prior to appointment.*

Who May Apply:

Applications will be accepted from individuals currently in the class or who have list, transfer or reinstatement eligibility. Only the most qualified individuals will be selected for an interview. Appointment is subject to SROA/surplus policies.

Interested individuals should submit a resume and a State Employment and/or Examination Application, STD. 678 to:
